Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

(In the space provided below, please explain in detail the reasons for the delay in filing a proper reply.)

PTOL-85 and Payment were deposited in US mail on 10/17/2005 as indicated on the enclosed copies. Abandonment of the application was therefore unavoidable since Applicant complied with all requirements for issuance of the patent.

(Please attach additional sheets if additional space is needed.)
